# A land of excitement and adventure

## A LAND OF EXCITEMENT AND ADVENTURE

**Girona's campsites offer much more than a place to stay.** The Costa Brava region and the Girona Pyrenees offer a landscape of full contrasts, which becomes a unique experience for all the senses. From the Mediterranean's impressive coves to the majestic peaks of the Pyrenees, our region is a paradise for lovers of nature, culture, gastronomy and adventure.

Campsites are the best choice for **experiencing this diversity to the full**, with their facilities blending into the surrounding nature, modern facilities and a wide range of activities for the whole family. Whether you want to relax by the sea or prefer to enjoy the mountains, Girona's campsites let you explore every corner of this outstanding region while staying in accommodation that offers you comfort and freedom.

## OUTDOOR ACTIVITIES: SEA AND MOUNTAINS

Whether you love the sea or the mountains, you will find activities that take you back to nature on the Costa Brava and in Girona's Pyrenees. The trails that run through our Natural Parks, including the Cap de Creus, the Zona Volcànica de la Garrotxa Natural Park and the valleys in the Ripollès region, are ideal for hiking, cycling and mountain biking. In the winter, there is a wide range of snow activities in the Pyrenees, including skiing, snowshoeing and snowboarding.

*Kris Ubach. PTCBG*

*Albert-Duch. PTCBG*

For visitors who prefer the sea, the Costa Brava's crystal clear waters are perfect for diving, snorkelling, kayaking and sailing. Those with more adventurous tastes can discover the coast along the legendary Camí de Ronda footpath, where they can enjoy truly spectacular views and discover hidden coves.

## AUTHENTIC TASTES OF THE LAND AND THE SEA

We are an internationally renowned benchmark for gastronomy. The combination of the region's Mediterranean diet and its products from the mountains provides a rich and varied cuisine. This ranges from fresh fish and seafood to locally sourced products including sausages from the Ripollès region, vegetables from the Empordà and traditionally made cheeses from the Garrotxa.

Lovers of fine dining can enjoy exceptional gastronomic experiences at leading restaurants and discover our traditional cuisine in small local establishments, while combining their meals with wines from the Empordà Denomination of Origin, which combine the experience of the terroir with the area's long wine-making tradition. Our country's wineries also offer guided tours and tastings, so you can explore the region's historic vineyards and discover the secrets of its best wines.

## HISTORY AT YOUR FEET

A tableau of villages with their own unique charm - each with its own history and traditions that are kept alive. Medieval villages like Besalú or Pals, with their cobbled streets, medieval bridges and fairytale architecture, transport you back to another era.

Towns with their own personality and identity, such as Banyoles, with its famous lake surrounded by nature, and Cadaqués, a fishing village on the shores of the Mediterranean which has inspired artists such as Salvador Dalí, are some of the real treasures hidden within the region.

# The best views are always under a starry sky

**Ideal for families, couples or friends looking for a special getaway**, our mountain campsites are located in spectacular landscapes, with views stretching across valleys, forests, mountains and clear rivers, making them the perfect base for exploring the surrounding area. The possibilities are endless: hiking, cycling or climbing, or simply relaxing in the midst of uniquely beautiful surroundings.

With welcoming modern facilities, our mountain campsites strike a balance between comfort and respect for nature, and create **a space where peace and quiet and adventure exist side by side in harmony**. The region also offers you the opportunity to enjoy its rich local gastronomy, which ranges from the most traditional Catalan cuisine to innovative cutting-edge ideas.

# The pleasure of cycling

**The Costa Brava and the Pyrenees are a leading destination for cyclists from all over the world.**

This is due to the vast wealth of the landscape, and the trails and roads that seem to have been carved out specifically for lovers of the sport.

If you're thinking of planning a cycling route through the Costa Brava or the Pyrenees, Girona's campsites with the Bed & Bike Friendly quality hallmark can offer **accommodation designed especially for cyclists.**

Enjoy a fantastic cycling experience in the regions around Girona, with the campsites you will find along the entire coast or inland. If you love road cycling, we recommend striking out towards the mountain passes in the Pyrenees, or through the Costa Brava's medieval villages, the incredible

views on the road to the Monastery of Sant Pere de Rodes, or the countless routes that you can find near the capital of cycling - the city of Girona. And for those who love mountain biking, we recommend pedalling around the lake at Banyoles or along the Rail Trails that run for kilometres against a backdrop of nature between the Costa Brava and the Pyrenees.

Are you going to miss these beautiful sights?

# Camping at nature's pace

In Girona we understand that finding a place where calm and nature reign is something that is increasingly valuable. Campsites with the Pure Camping quality hallmark provide a space where time seems to pass very slowly - a place designed for getting away from it all, and reconnecting with the environment and the people you love.

**These campsites are strongly focused on preserving the most traditional aspects of camping, and give special priority to pitches and all the services campers need to enjoy a comfortable and authentic stay.** With limited capacity to ensure privacy and peace and quiet, these campsites are aligned with the values of slow tourism, and retain the essence of a genuine experience rooted in nature. Every detail is taken care of here to give you a relaxed and unhurried experience: rest areas with outdoor sofas and reading areas invite you to take a break and enjoy every moment.

The Pure Camping quality hallmark is committed to local, healthy and sustainable gastronomy, giving you a relaxed and authentic taste of the region's flavours.

At Campings in Girona, we firmly believe that taking care of the territory means taking care of our visitors' experience. In line with this commitment, we promote sustainable initiatives that help us preserve nature, reduce environmental impact, and keep alive the essence of a unique environment that we all want to continue enjoying, today and tomorrow.

We love to innovate and find new ways to make stays at our campsites even more comfortable, fun, and memorable. Whether through more efficient services or ideas that enhance your daily experience, the campsites in Girona work to surprise you and offer experiences that evolve over time.

Safety is also a priority for us. We ensure that the campsites meet quality and well-being standards, allowing you to enjoy your stay with peace of mind in a welcoming environment designed for everyone.

And because Girona is stunning all year round, we aim to showcase its diversity beyond the summer season. We want each season to have its own charm and for you to discover trails, activities, and landscapes that make our campsites a great choice at any time of the year.
